SULPHUROUS ACID GENERATOR

Confirmation No: 8602

Group Art Unit: 1764

**STATEMENT UNDER 37 C.F.R. § 5.25 OF TODD E. ZENGER**

Commissioner of Patents  
PO Box 1450  
Arlington, Virginia 22313-1450

Sir:

The Declarant, Todd E. Zenger, states as follows:

1. I am the attorney of record of United States Patent Application Serial No. 10/795,972, filed March 8, 2004, entitled "Concentric Hopper and Burn Chamber for Sulphurous Acid Generator."

2. I am a citizen of the United States, and am over the age of 21 years of age, and make this Declaration without any force or compulsion.

3. On March 8, 2004, the subject application was filed. Corresponding applications were filed in Chile on March 17, 2004, and in Pakistan on March 20, 2004.

4. These applications were inadvertently filed abroad without deceptive intent, before obtaining a foreign filing license under 37 CFR § 5.11.

5. The subject of this pending application, and its Chilean and Pakistani applications, were not under a secrecy order at the time the applications were filed abroad. Similarly, none of them or the corresponding technology is currently under a secrecy order.

6. Shortly after filing the foreign applications, and upon receipt of correspondence from the United States Patent and Trademark Office on or about April 1, 2004, whereupon the U.S. application was reviewed for its filing particulars, we became aware of the inadvertent foreign filing without requesting or obtaining an expedited foreign filing license, as previously done in related cases. *See* Ex. 1. As a result, an application for expedited foreign filing was made within about ten days of discovering the error.

7. As indicated, similar technology has been filed abroad under appropriate licenses and the filing in this case prior to obtaining an expedited foreign filing license, was through error without deceptive intent.

I declare under penalty of perjury, the foregoing is true and correct.

DATED this 24<sup>th</sup> day of November, 2004.

Respectfully Submitted,

Todd E. Zenger
